Subject: Training needs on EWSD switching system - regarding

This is to intimate that one EWSD training model exchange is functional at ALTTC and the following courses are being conducted by ALTTC.

1. EWSD (Operation & Maintenance)
2. Workshop on EWSD switching system
3. Advance course on EWSD switching system – Field course
4. CCR Improvement in EWSD Exchange - Webinar

It has been intimated by ALTTC that in the recent times, the participation in these said courses are very less and sometimes the courses have been cancelled due to lack of sufficient nominations.

In view of this, **it is requested that the field units may assess their training needs on EWSD and convey the same to ALLTC at the earliest. In case of no training needs, a NIL report may be sent. It may also be noted that the assessment by the filed units will form the basis for the scrapping of life expired equipment of EWSD lab at ALTTC.**

Further, a training on EWSD (O&M) is scheduled at ALTTC from 11.02.2013 to 01.03 2013 and it is requested that suitable nominations especially from the officers who are working on EWSD or likely to be posted in EWSD exchanges, may kindly be sent to ALLTTC for successful conduction of this course.
