Do. No. 9501-CMD/BSNL/8-L

Dated the 6th December, 2008

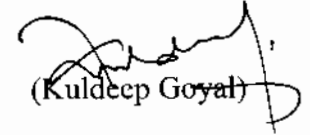

Dear Colleagues,

In the present era of fast technological changes and fierce competition, we need to have a very professional approach for ensuring the growth of Company's business and its profitability. Junior Telecom Officers recruited by BSNL who are Graduate Engineers and are mostly involved in managing modern technological equipments have to play a very important role in this regard. They are one of the most energetic and dynamic group of young professionals of BSNL. I understand that many of them have contributed significantly by taking various initiatives and by their full dedication to work. Some of them have also contributed by developing quite useful software applications. I appreciate the good work done by them and would like to assure that we value their contribution and also their career aspirations.

At the time when country is passing through a critical phase, I would request them to continue to work with full dedication so as to provide best of services to our esteemed customers and also achieve the targets fixed for the current financial year.

With best wishes,

Yours sincerely,

(Kuldeep Goyal)
